

BLANTON MUSEUM OF ART

BLANTON MUSEUM GUIDELINES FOR PHOTOGRAPHY AND FILMING

Amateur photography and video using hand-held devices is allowed in the Blanton Museum of Art, unless otherwise indicated by museum staff or signs. To ensure the safety of our artworks, we do not permit the use of flash photography, tripods, monopods, or selfie sticks at any time.

Feel free to text, take photos, and tweet about your visit, but keep your phone on silent or vibrate as a courtesy to other visitors. We love seeing creative photos from our visitors—when posting your photos, add the hashtag #blantonmuseum so we'll see them too!

All requests for commercial photography or video (including wedding photography, fashion shoots, and commercials) should be directed to stacey.hoyt@blantonmuseum.org.

Media requests should be directed to kathleen.bradystimpert@blantonmuseum.org.

The Blanton cannot accommodate student video or film projects at any time.
